1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-3,9-11,17-19,27,29,31-36 are rejected under 35 U.S.C. 103(a) as being unpatentable over Crowner, Bardwell et al and Emil in view of Sutter and Nguyen van .

Crowner , Bardwell et al and Emil each recite security gate operating system comprising , security gate motion between a closed position and an open position, drive mechanism attached to security gate to provide a driving force to move the security gate, an electrical drive motor having a drive shaft connected directly to drive mechanism see abstract of Crowner et al, Bardwell et al and Emil. However these references lack a reluctance motor. Sutter and Nguyen Van disclose a reluctance motor for a closure member, see Sutter abstract , col 1 lines 25-30, col 2 lines 1-5, and col 4 lines 26-34, and Nguyen Van see abstract and col 1 lines 20-25. It would have been obvious to one of ordinary skill in the art to combine the teaching of a gate of Crowner, Bardwell et al , and Emil with the reluctance motor of Sutter and Nguyen since it would lack bearings and gears which require more space.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
